## **POLICY**

### **1.0 Grant Program Principles**

- 1.1** The Sports and Recreation Grants are intended to support and encourage:
- Opportunities that help create a healthy, active and engaged community;
  - Range of opportunity in sports and recreation; and
  - Provision of services that are accessible and inclusive.

### **2.0 General Grant Parameters**

- 2.1** This program provides two grant streams: Operating Grants and Project Grants.
- 2.2** Grants to support developing organizations and/or for projects are considered a priority.
- 2.3** Grant funds must be used as per the approved grant application. Any significant changes to the original grant application must be discussed with and approved by the appropriate City of Waterloo staff liaison prior to implementation. If the proposed changes are acceptable the grant funding may be revised to reflect the changes or if the proposed changes are not acceptable to the City, approval may be revoked, and grant funding will not be forwarded to applicant, or the applicant will be required to return any grant funding already provided. Failure to seek approval from the City for any changes from the approved grant application may result in ineligibility for future funding or the need to return any grant funding received.
- 2.4** Grant funds will typically be awarded in one lump sum payment. At the discretion of the Grants Committee, organizations may be awarded funds by installments, with a reporting requirement prior to the release of the next installment.
- 2.5** Grants are not automatically renewable in subsequent years.
- 2.6** Submission of a grant application does not guarantee an organization will receive full or partial funding.

### **3.0 Conditions**

- 3.1** Affiliated organizations that receive Foundational Operating Grant support through an Affiliation Service Agreement are only eligible to apply for project funding.
- 3.2** Affiliated organizations that do not receive Foundational Operating Grant support through an Affiliation Service Agreement may apply for an operating grant.
- 3.3** Grant funding may be used to purchase equipment, so long as the equipment directly supports sports and recreation programming and remains in the possession of the organization. Equipment may be loaned to participants.
- 3.4** Organizations may not request more than a total of \$5,000 in grant funding per year or submit more than one application per year.
- 3.5** Grant recipients must acknowledge the support of the City of Waterloo on all printed materials that relate to the grant request or as determined by staff.
- 3.6** Project Grant Recipients must complete a status report and submit to the City of Waterloo within 6 months of project completion or prior to the next eligible grant cycle. Failure to do so may make the organization ineligible to apply for future grants until the status report is completed and submitted. Organizations may only apply for grant funding once per calendar year.
- 3.7** All grant opportunities are contingent on the allocation of funding as part of the city's budget process.
- 3.8** Notice of receipt of a grant does not imply approval of municipal permits and other permissions.
- 3.9** Successful applicants may be required to put additional measures in place to ensure the safety of project participants. This may include a requirement for adequate liability insurance, depending on the nature of the project.
