NEWSPAPER AD

INFRASTRUCTURE ONTARIO RESPONSE LETTER DATED MAY 26, 2015

**NOTICE OF COMPLETION
CLASS ENVIRONMENTAL ASSESSMENT
CITY-WIDE SANITARY SERVICING MASTER PLAN**

The Study

The City of Waterloo provides sanitary sewage collection for the majority of Waterloo residents and receives flows from the City of Kitchener, the Township of Woolwich, and other minor sources. The City's previous Sanitary Sewer System Master Plan, completed in 2002, identified priority and strategic projects to operate the sanitary system and accommodate growth up to the 2016 planning horizon. The City has recently completed the 2014 Sanitary Servicing Master Plan Update to account for updated population and employment growth projections up to a 2031 planning horizon.

Servicing alternatives have been identified to accommodate anticipated population growth including redevelopment in the core as well as new development and for the transfer of private septic services to municipal sewers. To efficiently and effectively continue operation of the system, best management practices have also been identified.

The Process

This study was conducted in accordance with the Municipal Engineers' Association document entitled "Municipal Class Environmental Assessment" October 2000, as amended in 2007. An integral component of this study is public consultation with various interested stakeholders.

Notice of Completion

The City-wide 2014 Sanitary Servicing Master Plan Update Final Report will be available for a 30-day Public Review Period beginning May 27, 2015 and ending June 26, 2015. The report will be available at the following locations as well as online at waterloo.ca/sanitarymasterplan:

The Waterloo Service Centre

Reception Area
265 Lexington Court,
Waterloo, Ontario, N2J 4A8

Waterloo City Hall

Clerk's Department (First Floor)
100 Regina Street South,
Waterloo, Ontario, N2J 4P9

All comments and information received from individuals, stakeholder groups, and agencies regarding this study are being collected to assist the City in making a decision. Under the Municipal Act, personal information such as name, address, telephone number, and property location may be included in a submission and becomes part of the public record. Questions regarding the collection of this information should be referred to the contact people above.

**NOTICE OF PUBLIC MEETING****CITY OF WATERLOO DEVELOPMENT CHARGES**

Take Notice that on June 15, 2015, the Council of the City of Waterloo will hold a public meeting pursuant to The Development Charges Act, 1997, regarding a proposed amendment to Development Charges By-Law 2012-131. It is proposed that passage of the amended Development Charges By-law by Council would occur on a date subsequent to this public meeting.

Development charges are levied against new development, and are a primary source of funding development-related capital expenditures. The proposed amendment would provide a partial exemption for all development within the Uptown Urban Growth Centre from payment of development charges.

City Council is required under The Development Charges Act, 1997, to hold at least one public meeting to allow the public the opportunity to review and provide comments on Staff Report Number CA02015-005.1 "Uptown Waterloo Scoped Development Charge Background Study", which includes a scoped Development Charges Background Study, as well as the proposed Development Charges By-law Amendment.

All interested parties are invited to attend on:

Monday, June 15, 2015 at 6:30 p.m.

**Council Chambers, Waterloo City Centre
100 Regina Street South
Waterloo, Ontario
N2J 4A8**

Copies of the Staff Report and related Development Charges Background Study, as well as the proposed Development Charges By-law Amendment, will be available beginning May 29th through the Clerk's Office or electronically through finance at budget@waterloo.ca

Those wishing to address City Council on the above-noted matters must advise the Clerk in writing no later than 10 a.m. on Monday June 15, 2015 at the above address, by fax, or e-mail, or calling 519-747-8549 so the necessary arrangements can be made to list you on the Agenda.

**FORWELL CREEK RESTORATION
AND FORWELL TRAIL RE-CONSTRUCTION
PUBLIC INFORMATION CENTRE**

A public information centre will take place on **May 28, 2015** for residents interested in learning more about the rehabilitation of Forwell Creek and the re-construction of Forwell Trail between King Street and Blue Springs Drive. The session will be held in a drop-in format, so you are welcome to arrive any time between 4 p.m. and 7 p.m. We look forward to seeing you on:

THURSDAY, MAY 28, 2015

**4 p.m. to 7 p.m. at
The City of Waterloo Service Centre (lower level lunch room)
265 Lexington Court, Waterloo, ON N2J 4A8**

If you have any questions or concerns about this project, please contact us by calling 519-886-2310.

We encourage you to check our website at waterloo.ca/forwelltrail for regular updates regarding construction work.

NOTICE OF CITY COUNCIL MEETING

UPTOWN WATERLOO STREETScape IMPROVEMENT PROJECT

KING STREET NORTH BETWEEN ERB STREET AND CENTRAL STREET SCHEDULE 'C' MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT

PRESENTATION OF ENVIRONMENTAL STUDY REPORT WITH PREFERRED DESIGN ALTERNATIVE

An Environmental Study Report (ESR) has been prepared for the City of Waterloo and Region of Waterloo documenting the findings and recommendations for improvements to King Street N between Erb Street and Central Street in Uptown Waterloo. The ESR will be presented to the City of Waterloo Council for endorsement at the following regular Council meeting:

Date: Monday, May 25, 2015
Time: No earlier than 6:30 p.m.
Place: Council Chambers, 3rd Floor, City Hall, 100 Regina Street South., Waterloo

At this meeting City Council will hear any person who wishes to speak to the project and who has registered as a delegation with the City Clerk's office. Anyone wishing to make a presentation to Council is asked to e-mail clerkinfo@waterloo.ca or call 519-747-8549 prior to 10:00 a.m. on Monday, May 25, 2015 to register.

PREFERRED KING STREET NORTH DESIGN ALTERNATIVE

A copy of the ESR may be viewed at the City of Waterloo, IPPW Department, 2nd Floor, City Hall at 100 Regina Street South during regular business hours (519-886-1550), or downloaded/viewed at the City of Waterloo website at waterloo.ca/uptownstreetscape starting on May 13, 2015.

The preferred design alternative includes the following key elements:

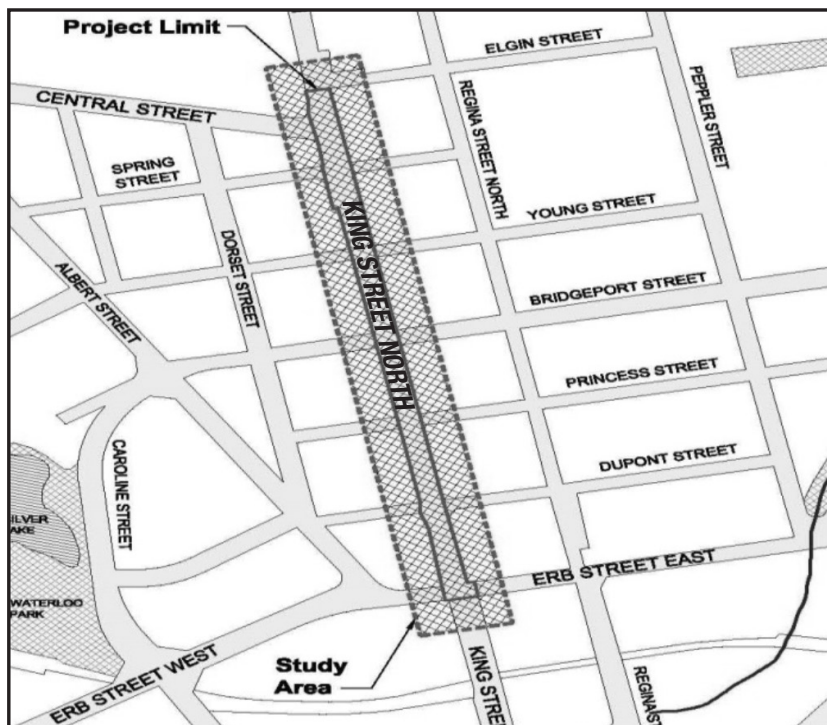

- One 3.8m wide travel lane in each direction;
- 3.0m wide left turn lane at Erb Street, Bridgeport Road, Spring Street and Central Street;
- On-street parking on the east side only;
- 1.8m wide segregated bike lane each direction;
- Streetscape and streetlight enhancements; and
- Wider sidewalks to improve pedestrian mobility and provide opportunities for barrier-free wheelchair access to business entrances.

If you are unable to attend this meeting and would like more information or provide comments on the ESR, please contact any of the following:

May 26th 2015

To whom it may concern,

Thank you for circulating Infrastructure Ontario (IO) on your Notice. Infrastructure Ontario is the strategic manager of the provincial government's real estate with a mandate of maintaining and optimizing value of the portfolio while ensuring real estate decisions reflect public policy objectives of the government.

As you may be aware, *IO is responsible for managing property that is owned by Her Majesty the Queen in Right of Ontario as represented by the Minister of Infrastructure (MOI)*. There is a potential that IO managed lands fall within your study area. As a result, your proposal may impact IO managed properties and/or the activities of tenants present on IO-managed properties. In order to determine if IO property is within your study area, IO requires that the proponent of the project conduct a title search by reviewing parcel register(s) for adjoining lands, to determine the extent of ownership by MOI or its predecessor's ownership (listed below). Please contact IO if any ownership of provincial government lands are known to occur within your study area and are proposed to be impacted. IO managed land can ***include within the title but is not limited to*** variations of the following: Her Majesty the Queen/King, OLC, ORC, Public Works, Hydro One, PIR, MGS, MBS, MOI, MTO, MNR and MEI*. Please ensure that a copy of your notice is also sent to the ministry/agency on title. As an example, if the study area includes a Provincial Park, then MNR is to also be circulated notices related to your project.

IO obligates proponents to complete all due diligence for any realty activity on IO managed lands and this should be incorporated into all project timelines.

Potential Negative Impacts to IO Tenants and Lands

General Impacts

Negative environmental impacts associated with the project design and construction, such as the potential for dewatering, dust, noise and vibration impacts, impacts to natural heritage features/habitat and functions, etc should be avoided and/or appropriately mitigated in accordance with applicable regulations best practices as well as Ministry of Natural Resources (MNR) and Ministry of the Environment (MOE) standards. Avoidance and mitigation options that characterize baseline conditions and quantify the potential impacts should be present as part of the EA project file. Details of appropriate mitigation, contingency plans and triggers for implementing contingency plans should also be present.

Impacts to Land holdings

Negative impacts to land holdings, such as the taking of developable parcels of IO managed land or fragmentation of utility or transportation corridors, should be avoided. If the potential for such impacts is present as part of this undertaking, you should contact the undersigned to discuss these issues at the earliest possible stage of your study.

If takings are suggested as part of any alternative, these should be appropriately mapped and quantified within the EA report documentation. In addition, details of appropriate mitigation and or next steps related to compensation for any required takings should be present. IO requests circulation of the draft EA report prior to finalization if potential impacts to IO-managed lands are present as part of this study.

Impacts to Cultural Heritage

Should the proposed activities impact cultural heritage features on IO managed lands, a request to examine cultural heritage features, which can include cultural landscapes, built heritage, and archaeological potential and/or sites, could be required. If the potential for such impacts is present as part of this undertaking, you should contact the undersigned to discuss these issues at the earliest possible stage of your study.

Potential Triggers Related to MOI's Class EA

IO is required to follow the MOI Public Work Class Environmental Assessment Process for (PW Class EA). The PW Class EA applies to a wide range of realty and planning activities including leasing or letting, planning approvals, disposition, granting of easements, demolition and property maintenance/repair. For details on the PW Class EA please visit the Environment and Heritage page of our website found at

<http://www.infrastructureontario.ca/Templates/Buildings.aspx?id=2147490336&langtype=1033>

Please note that completion of any EA process does not provide an approval for MOI's Class EA obligations. Class EA processes are developed and in place to assess undertakings associated with different types of projects. For example, assessing the impacts of disposing of land from the public portfolio is significantly different then assessing the best location for a proposed road.

IO is providing this information so that adequate timelines and project budgets can consider MOI's regulatory requirements associated with a proposed realty activity in support of a project. Some due diligences processes and studies can be streamlined. For example, prior to any disposition of land, at minimum a Phase I Environmental Site Assessment and a Stage I Archaeological Assessment and the MOI Category B Environmental Assessment should be undertaken.. Deficiencies in any of these requirements could result in substantial project delays and increased project costs.

In summary, the purchase of MOI-owned/IO-managed lands or disposal of rights and responsibilities (e.g. easement) for IO-managed lands triggers the application of the MOI Class EA. If any of these realty activities affecting IO-managed lands are being proposed as part of any alternative, please contact the Sales, Easements and Acquisitions Group through IO's main line (Phone: 416-327-3937, Toll Free: 1-877-863-9672), and also contact the undersigned at your earliest convenience to discuss next steps.

Specific Comments

Please remove IO from your circulation list, with respect to this project, if MOI owned lands are not anticipated to be impacted. In addition, in the future, please send only **electronic copies of notices** for any projects impacting IO managed lands to:
Keith.Noronha@infrastructureontario.ca

Thank you for the opportunity to provide initial comments on this undertaking. If you have any questions I can be reached at the contacts below.

Sincerely,

Lisa Myslicki
